

6 Models to Choose from!

Solid brass spring steel scrapers have knife-sharp front edges that will not nick or damage expensive machine components.

Polished and lacquered full strength brass scrapers are non-sparking, non-corrosive & non-magnetic.

Tough nylon handles are secured to full length brass blade (except models 12040 & 12055 which are not full length but extend well into the handle portion) with large brass grommets.

Keep plenty of these time-savers on hand!

DIG-IT TOOL

Scrape, dig, chip, chop, slice & dice! The all brass Dig-It Tool can take it! Takes the place of several other tools used for cleaning screws, barrels, tips, nozzles etc. Once you get one, you'll never want to be without again. **Part Number 2975**
