

Packaging Clips

Streamline your packaging with Quality Clips™

- **Completely Removable and Reusable.** Better than tape, it won't mark your boxes or leave residue.
- **Prevents tipped or spilled boxes due to loose box flaps.**
- **Great for bulk packaging.** Parts will not hang up on the smooth, flat surfaces or the tapered end.
- **Maximize your workspace.** Workers can stand closer to the box creating space in assembly line and manufacturing areas. No more leaning or reaching.
