

Metal Markers

Metal Marker

The Nissen Metal marker utilizes a specially-formulated polyurethane paint to provide permanent marking under almost any conditions. The marks will remain bright, clear, and legible even on material that will be stored outside for long periods of time or material that will receive heavy abuse.

The Nissen Ball Point Metal marker is available in an unbreakable plastic bottle for marking with paint on metal, wood, plastic, glass, etc. The tough metal tip has a 1/8" precision stainless steel ball and comes with a plastic cap to keep the tip clean and to allow the marker to be carried in your pocket.

- Marks on all metals, wood, rubber, glass, etc.
- Writes on any surface; rough, smooth or rusty, wet, oily, or dry.
- Marks with stand heat and weathering, they won't chip, peel, fade or rub-off.
- Fast-drying
- Marker is refillable.
